- Vascular Malformations

### THERAPY SERVICES 804-228-5818

Pediatric therapists provide care in a setting specially designed for children.

- Assistive Technology
- Physical Therapy
- Nutrition
- Speech/Language Pathology
- Occupational Therapy

### New Children’s Pavilion

The new 640,000-square-foot facility opened to children and families in March, bringing together nearly all of CHoR’s pediatric outpatient services under one roof. Designed to provide families with the most advanced and coordinated care possible, the pavilion houses clinics, radiology, same-day surgery, lab testing, dialysis, infusions and more in an environment custom-made for kids. To ensure parking is never a concern, the Pavilion parking garage includes 600 spaces for valet and self-parking.
With more than 175 pediatric specialists, two main campuses and several satellite and outpatient therapy centers across Central Virginia, CHoR provides pediatric inpatient and outpatient services that cover nearly all children’s health-related needs. For maps and directions to CHoR’s locations, visit chrichmond.org/locations.
