## Virtual visits: Answers anywhere

Health care looks a little different these days. We're here for your patients in person and "virtually" through telehealth during these challenging times. Whether your patient is a new or existing CHoR patient, we offer various ways to connect to the specialty care they need, when they need it. Visit [chrichmond.org/telehealth](http://chrichmond.org/telehealth) to learn more about our telehealth services. We encourage you to share this page with your patients for helpful tips on how to prepare for a virtual visit.
